PURPOSE: To establish guidelines for Freedom of Information Act (FOIA) requests

PERSONNEL: All DCHS Employees

POLICY: A person has the right to submit a written request for public record(s) from Dickinson County Healthcare System. The request must sufficiently describe the public record to enable the FOIA Coordinator to identify the requested public record.

PREAMBLE: STATEMENT OF PRINCIPLES

It is the policy of Dickinson Hospital Healthcare System (referred to interchangeably as “DCHS” and/or “Hospital”) that all persons, except those incarcerated, consistent with the Michigan Freedom of Information Act (FOIA), made applicable to DCHS in Section 211 of the Michigan Municipal Health Facilities Corporations Act (Act 230), are entitled to full and complete information regarding the affairs of DCHS and the official acts of those who represent DCHS as officials and employees.

DCHS’s policy with respect to FOIA requests is to comply with State law in all respects and to respond to FOIA requests in a consistent, fair, and even-handed manner regardless of who makes such a request.

DCHS acknowledges that it has a legal obligation to disclose all nonexempt public records in its possession pursuant to a FOIA request. DCHS acknowledges that sometimes it is necessary to invoke the exemptions identified under FOIA in order to ensure the effective operation of the Hospital and to protect the privacy of individuals.

Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

DCHS will protect the public's interest in disclosure, while balancing the requirement to withhold or redact portions of certain records. DCCHS's policy is to disclose public records consistent with and in compliance with State law.

The DCCHS Board of Trustees has established the following written procedures and guidelines to implement the FOIA and will create a written public summary of the specific procedures and guidelines relevant to the general public regarding how to submit written requests to DCCHS and explaining how to understand DCCHS's written responses, deposit requirements, fee calculations, and avenues for challenge and appeal. The written public summary will be written in a manner so as to be easily understood by the general public.

SECTION 1: GENERAL POLICIES

The Board of Trustees, acting pursuant to the mandate of MCL 15.236, designates Hospital's Quality/Risk Manager as the FOIA Coordinator. He or she is authorized to designate other Hospital staff to act on his or her behalf to accept and process written requests for the Hospital's public records and approve denials.

If a request for a public record is received by fax or email, the request is deemed to have been received on the following business day. If a request is sent by email and delivered to a Hospital spam or junk-mail folder, the request is not deemed received until one day after the FOIA Coordinator first becomes aware of the request. The FOIA Coordinator shall note in the FOIA log both the date the request was delivered to the spam or junk-mail folder and the date the FOIA Coordinator became aware of the request.

The FOIA Coordinator or his/her designee(s) shall review Hospital spam and junk-mail folders on a regular basis, which shall be not less than once per month. The FOIA Coordinator shall work with Hospital Information Technology staff to develop administrative rules for handling spam and junk-mail so as to protect Hospital systems from computer attacks which may be imbedded in an electronic FOIA request.

The FOIA Coordinator may, in his or her discretion, implement administrative rules, consistent with State law and these Procedures and Guidelines to administer the acceptance and processing of FOIA requests.

Hospital is not obligated to create a new public record or make a compilation or summary of information which does not already exist. Neither the FOIA Coordinator nor other Hospital staff are obligated to provide answers to questions contained in requests for public records or

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 3 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

regarding the content of the records themselves. The FOIA Coordinator shall keep a copy of all written requests for public records received by the Hospital on file for a period of at least one year.

The Hospital will make this Procedures and Guidelines document and the Written Public Summary publicly available without charge. If it does not, the Hospital cannot require deposits or charge fees otherwise permitted under the FOIA until it is in compliance. This Procedures and Guidelines document and the Hospital's Written Public Summary will be maintained on the Hospital's website at: www.dchs.org and a link to those documents may be provided in lieu of providing paper copies of those documents.

SECTION 2: REQUESTING A PUBLIC RECORD

No specific form to submit a request for a public record is required. However the FOIA Coordinator may make available a FOIA Request Form for use by the public.

Requests to inspect or obtain copies of public records prepared, owned, used, possessed or retained by the Hospital may be submitted on the Hospital's FOIA Request Form, in any other form of writing (letter, fax, email, etc.), or by verbal request.

Verbal requests for records may be documented by the Hospital on the Hospital's FOIA Request Form.

If a person makes a verbal, non-written request for information believed to be available on the Hospital's website, where practicable and to the best ability of the employee receiving the request, the person shall be informed of the pertinent website address.

A request must sufficiently describe a public record so as to enable Hospital personnel to identify and find the requested public record.

Written requests for public records may be submitted in person or by mail to any Hospital office. Requests may also be submitted electronically by fax and email. Upon their receipt, requests for public records shall be promptly forwarded to the FOIA Coordinator for processing.

A person may request that public records be provided on non-paper physical media, emailed or other otherwise provided to him or her in digital form in lieu of paper copies. The Hospital will comply with the request only if it possesses the necessary technological capability to provide records in the requested non-paper physical media format.

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 4 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

A person may subscribe to future issues of public records that are created, issued or disseminated by Hospital on a regular basis. A subscription is valid for up to 6 months and may be renewed by the subscriber. A person serving a sentence of imprisonment in a local, state or federal correctional facility is not entitled to submit a request for a public record. The FOIA Coordinator will deny all such requests.

SECTION 3: PROCESSING A REQUEST

Unless otherwise agreed to in writing by the person making the request, the Hospital will issue a response within 5 business days of receipt of a FOIA request. If a request is received by fax, email or other electronic transmission, the request is deemed to have been received on the following business day. The Hospital will respond to a request in one of the following ways:

- Grant the request.
- Issue a written notice denying the request.
- Grant the request in part and issue a written notice denying in part the request.
- Issue a notice indicating that due to the nature of the request the Hospital needs an additional 10 business days to respond for a total of no more than 15 business days. Only one such extension is permitted.
- Issue a written notice indicating that the public record requested is available at no charge on the Hospital's website.

When a request is granted:

If the request is granted, or granted in part, the FOIA Coordinator will require that payment be made in full for the allowable fees associated with responding to the request before the public record is made available.

The FOIA Coordinator shall provide a detailed itemization of the allowable costs incurred to process the request to the person making the request.

A copy of these Procedures and Guidelines and the Written Public Summary will be provided to the requestor free of charge with the response to a written request for public records, provided however, that because these Procedures and Guidelines and the Written Public Summary are maintained on the Hospital's website at: www.dchs.org, a link to the Procedures and Guidelines and the Written Public Summary may be provided in lieu of providing paper copies of those documents.

If the cost of processing a FOIA request is \$50 or less, the requester will be notified of the amount due and where the documents can be obtained.

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 5 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

If the cost of processing a FOIA request is expected to exceed \$50 based on a good-faith calculation, or if the requestor has not paid in full for a previously granted request, the Hospital will require a good-faith deposit pursuant to Section 4 of this policy before processing the request.

In making the request for a good-faith deposit the FOIA Coordinator shall provide the requestor with a detailed itemization of the allowable costs estimated to be incurred by the Hospital to process the request and also provide a best efforts estimate of a time frame it will take the Hospital to provide the records to the requestor. The best efforts estimate shall be nonbinding on the Hospital, but will be made in good faith and will strive to be reasonably accurate, given the nature of the request in the particular instance, so as to provide the requested records in a manner based on the public policy expressed by Section 1 of the FOIA.

When a request is denied or denied in part:

If the request is denied or denied in part, the FOIA Coordinator will issue a Notice of Denial which shall provide in the applicable circumstance:

- An explanation as to why a requested public record is exempt from disclosure; or
- A certificate that the requested record does not exist under the name or description provided by the requestor, or another name reasonably known by the Hospital; or
- An explanation or description of the public record or information within a public record that is separated or deleted from the public record; and
- An explanation of the person's right to submit an appeal of the denial to either the Hospital's Chief Executive Officer or seek judicial review in the Dickinson County Circuit Court; and
- An explanation of the right to receive attorneys' fees, costs, and disbursements as well actual or compensatory damages, and punitive damages of \$1,000, should the requestor prevail in Circuit Court.
- The Notice of Denial shall be signed by the FOIA Coordinator or his/her designee.

If a request does not sufficiently describe a public record, the FOIA Coordinator may, in lieu of issuing a Notice of Denial indicating that the request is deficient, seek clarification or amendment of the request by the person making the request. Any clarification or amendment will be considered a new request subject to the timelines described in this Section.

Requests to inspect public records:

The Hospital shall provide reasonable facilities and opportunities for persons to examine and inspect public records during normal business hours. The FOIA Coordinator is authorized to

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 6 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

promulgate rules regulating the manner in which records may be viewed so as to protect Hospital records from loss, alteration, mutilation or destruction and to prevent excessive interference with normal Hospital operations.

Requests for certified copies:

The FOIA Coordinator shall, upon written request, furnish a certified copy of a public record at no additional cost to the person requesting the public record.

SECTION 4: FEE DEPOSITS

If the fee estimate is expected to exceed \$50.00 based on a good-faith calculation, the requestor will be asked to provide a deposit not exceeding one-half of the total estimated fee.

If a request for public records is from a person who has not paid the Hospital in full for copies of public records made in fulfillment of a previously granted written request, the FOIA Coordinator will require a deposit of 100% of the estimated processing fee before beginning to search for a public record for any subsequent written request by that person when all of the following conditions exist:

- The final fee for the prior written request is not more than 105% of the estimated fee;
- The public records made available contained the information sought in the prior written request and remain in the Hospital's possession;
- The public records were made available to the individual, subject to payment, within the time frame estimated by the Hospital to provide the records;
- Ninety (90) days have passed since the FOIA Coordinator notified the individual in writing that the public records were available for pickup or mailing;
- The individual is unable to show proof of prior payment to the Hospital; and
- The FOIA Coordinator has calculated a detailed itemization that is the basis for the current written request's increased estimated fee deposit.
- The person making the request is able to show proof of prior payment in full to the Hospital;
- The Hospital is subsequently paid in full for the applicable prior written request; or
- Three hundred sixty five (365) days have passed since the person made the request for which full payment was not remitted to the Hospital.

SECTION 5: CALCULATION OF FEES

A fee may be charged for the labor cost of copying/duplication.

DICKINSON COUNTY HEALTHCARE SYSTEM**GUIDELINE**

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 7 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

A fee will *not* be charged for the labor cost of search, examination, review and the deletion and separation of exempt from nonexempt information unless failure to charge a fee would result in unreasonably high costs to the Hospital because of the nature of the request in the particular instance, and the Hospital specifically identifies the nature of the unreasonably high costs.

Costs for the search, examination review, and deletion and separation of exempt from non-exempt information are “unreasonably high” when they are excessive and beyond the normal or usual amount for those services (Attorney General Opinion 7083 of 2001) compared to the costs of the Hospital’s usual FOIA requests, not compared to the Hospital’s operating budget. (Bloch v. Davison Community Schools, Michigan Court of Appeals, Unpublished, April 26, 2011) The following factors shall be used to determine an unreasonably high cost to the Hospital:

- Volume of the public record requested;
- Amount of time spent to search for, examine, review and separate exempt from non-exempt information in the record requested;
- Whether the public records are from more than one Hospital department or whether various Hospital offices are necessary to respond to the request;
- The available staffing to respond to the request; and
- Any other similar factors identified by the FOIA Coordinator in responding to the particular request.

The Michigan FOIA statute permits the Hospital to charge for the following costs associated with processing a request:

- Labor costs associated with copying or duplication, which includes making paper copies, making digital copies, or transferring digital public records to non-paper physical media or through the Internet;
- Labor costs associated with searching for, locating and examining a requested public record, when failure to charge a fee will result in unreasonably high costs to the Hospital;
- Labor costs associated with a review of a record to separate and delete information exempt from disclosure, when failure to charge a fee will result in unreasonably high costs to the Hospital;
- The cost of copying or duplication, not including labor, of paper copies of public records. This may include the cost for copies of records already on the Hospital’s website if the requester asks for the Hospital to make copies;
- The cost of computer discs, computer tapes or other digital or similar media when the requester asks for records in non-paper physical media. This may include the cost for copies of records already on the Hospital’s website if the requester asks for the Hospital to make copies; and
- The cost to mail or send a public record to a requestor.

DICKINSON COUNTY HEALTHCARE SYSTEM**GUIDELINE**

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 8 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

Labor costs will be calculated based on the following requirements:

- All labor costs will be estimated and charged in 15-minute increments, with all partial time increments rounded down. If the time involved is less than 15 minutes, there will be no charge;
- Labor costs will be charged at the hourly wage of the lowest-paid Hospital employee capable of doing the work in the specific fee category, regardless of who actually performs work;
- Labor costs will also include a charge to cover or partially cover the cost of fringe benefits;
- The Hospital may add up to 50% to the applicable labor charge amount to cover or partially cover the cost of fringe benefits, but in no case may it exceed the actual cost of fringe benefits;
- Overtime wages will not be included in labor costs unless agreed to by the requestor; overtime costs will not be used to calculate the fringe benefit cost;
- Contracted labor costs will be charged at the hourly rate of \$48.90 (6 times the state minimum hourly wage).

The cost to provide records on non-paper physical media when so requested will be based on the following requirements:

- Computer disks, computer tapes or other digital or similar media will be at the actual and most reasonably economical cost for the non-paper media;
- This cost will only be assessed if the Hospital has the technological capability necessary to provide the public record in the requested non-paper physical media format; and
- The Hospital will procure any non-paper media and will not accept media from the requestor in order to ensure integrity of the Hospital's technology infrastructure.

The cost to provide paper copies of records will be based on the following requirements:

- Paper copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ x 14) sized paper will not exceed \$.10 per sheet of paper. Copies for non-standard sized sheets of paper will reflect the actual cost of reproduction.
- The Hospital will provide records using double-sided printing, if it is cost-saving and available.

The cost to mail records to a requestor will be based on the following requirements:

DICKINSON COUNTY HEALTHCARE SYSTEM**GUIDELINE**

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 9 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

- The actual cost to mail public records using a reasonably economical and justified means.
- The Hospital may charge for the least expensive form of postal delivery confirmation.
- No cost will be made for expedited shipping or insurance unless specified by the requestor.

If the FOIA Coordinator does not respond to a written request in a timely manner, the Hospital must:

- Reduce the labor costs by 5% for each day the Hospital exceeds the time permitted under FOIA up to a 50% maximum reduction, *if any* of the following applies:
 - The Hospital’s late response was willful and intentional;
 - The written request conveyed a request for information within the first 250 words of the body of a letter facsimile, email or email attachment; or
 - The written request included the words, characters, or abbreviations for “freedom of information,” “information,” “FOIA,” “copy” or a recognizable misspelling of such, or legal code reference to MCL 15. 231, et seq. or 1976 Public Act 442 on the front of an envelope or in the subject line of an email, letter or facsimile cover page.
- Fully note the charge reduction in the Detailed Itemization of Costs Form.

SECTION 6: WAIVER OF FEES

The cost of the search for and copying of a public record may be waived or reduced if in the sole judgment of the FOIA Coordinator a waiver or reduced fee is in the public interest because it can be considered as primarily benefitting the general public. The Hospital Board of Trustees may identify specific records or types of records it deems should be made available for no charge or at a reduced cost.

SECTION 7: DISCOUNTED FEES INDIGENCE

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request if the person requesting a public record submits an affidavit stating that they are:

- Indigent and receiving specific public assistance, or
- If not receiving public assistance, stating facts demonstrating an inability to pay because of indigence.

An individual is not eligible to receive the waiver if:

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 10 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

- The requestor has previously received discounted copies of public records from the Hospital twice during the calendar year; or
- The requestor requests information in connection with other persons who are offering or providing payment to make the request.

An affidavit is sworn statement. The FOIA Coordinator may make a Fee Waiver Affidavit Form available for use by the public.

Nonprofit organization advocating for developmentally disabled or mentally ill individuals

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request from:

- A nonprofit organization formally designated by the state to carry out activities under subtitle C of the federal developmental disabilities assistance and bill of rights act of 2000, Public Law 106-402, and the protection and advocacy for individuals with mental illness act, Public Law 99-319, or their successors, if the request meets all of the following requirements:
 - Is made directly on behalf of the organization or its clients;
 - Is made for a reason wholly consistent with the mission and provisions of those laws under section 931 of the mental health code, 1974 PA 258, MCL 330.1931; and
 - Is accompanied by documentation of its designation by the state, if requested by the Hospital.

SECTION 8: APPEAL OF A DENIAL OF PUBLIC RECORD

When a requestor believes that all or a portion of a public record has not been disclosed or has been improperly exempted from disclosure, he or she may appeal to the Hospital Board of Trustees by filing an appeal of the denial with the Hospital’s Chief Executive Officer.

The appeal must be in writing, specifically state the word "appeal" and identify the reason or reasons the requestor is seeking a reversal of the denial. The Hospital may develop a FOIA Appeal Form (To Appeal a Denial of Records) for use in appeals.

The Hospital Board of Trustees is not considered to have received a written appeal until the first regularly scheduled Hospital Board of Trustees meeting following submission of the written appeal.

Within 10 business days of receiving the appeal the Hospital Board of Trustees will respond in writing by:

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 11 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

- Reversing the disclosure denial;
- Upholding the disclosure denial; or
- Reversing the disclosure denial in part and upholding the disclosure denial in part; or
- Under unusual circumstances, issue a notice extending for not more than 10 business days the period during which the Hospital Board of Trustees shall respond to the written appeal. The Hospital Board of Trustees shall not issue more than 1 notice of extension for a particular written appeal.

If the Hospital Board of Trustees fails to respond to a written appeal, or if the Hospital Board of Trustees upholds all or a portion of the disclosure denial that is the subject of the written appeal, the requesting person may seek judicial review of the nondisclosure by commencing a civil action in Circuit Court.

Whether or not a requestor submitted an appeal of a denial to the Hospital Board, he or she may file a civil action in Dickinson County Circuit Court within 180 days after the Hospital's final determination to deny the request.

If a court determines a public record is not exempt from disclosure, it shall order the Hospital to cease withholding or to produce all or a portion of a public record wrongfully withheld, regardless of the location of the public record. Failure to comply with an order of the court may be punished as contempt of court.

If a person asserting the right to inspect, copy, or receive a copy of all or a portion of a public record prevails in such an action, the court shall award reasonable attorneys' fees, costs, and disbursements. If the person or Hospital prevails in part, the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

If the court determines that the Hospital has arbitrarily and capriciously violated this act by refusal or delay in disclosing or providing copies of a public record, the court shall order the Hospital to pay a civil fine of \$1,000.00, which shall be deposited into the general fund of the state treasury. The court shall award, in addition to any actual or compensatory damages, punitive damages in the amount of \$1,000.00 to the person seeking the right to inspect or receive a copy of a public record.

SECTION 9: APPEAL OF AN EXCESSIVE FOIA PROCESSING FEE

"Fee" means the total fee or any component of the total fee calculated under section 4 of the FOIA, including any deposit.

DICKINSON COUNTY HEALTHCARE SYSTEM**GUIDELINE**

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 12 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

If a requestor believes that the fee charged by the Hospital to process a FOIA request exceeds the amount permitted by state law or under this policy, he or she must first appeal to the Hospital Board of Trustees by submitting a written appeal for a fee reduction to the office of the Hospital's Chief Executive Officer.

The appeal must be in writing, specifically state the word "appeal" and identify how the required fee exceeds the amount permitted.

The Hospital Board of Trustees is not considered to have received a written appeal until the first regularly scheduled Hospital Board of Trustees meeting following submission of the written appeal.

Within 10 business days after receiving the appeal, the Hospital Board of Trustees will respond in writing by:

- Waiving the fee;
- Reducing the fee and issuing a written determination indicating the specific basis that supports the remaining fee;
- Upholding the fee and issuing a written determination indicating the specific basis that supports the required fee; or
- Issuing a notice detailing the reason or reasons for extending for not more than 10 business days the period during which the Hospital Board of Trustees will respond to the written appeal. The Hospital Board of Trustees shall not issue more than 1 notice of extension for a particular written appeal.

Where the Hospital Board of Trustees reduces or upholds the fee, the determination must include a certification from the Hospital Board of Trustees that the statements in the determination are accurate and that the reduced fee amount complies with its publicly available procedures and guidelines and Section 4 of the FOIA.

Within 45 days after receiving notice of the Hospital Board's determination of an appeal, the requesting person may commence a civil action in Dickinson County Circuit Court for a fee reduction.

If a civil action is commenced against the Hospital for an excess fee, the Hospital is not obligated to complete the processing of the written request for the public record at issue until the court resolves the fee dispute.

An action shall not be filed in circuit court unless one of the following applies:

- The Hospital does not provide for appeals of fees;

Department THE MANUAL	Section No. 100	Policy No. 008	Page of Page 13 of 13
Title FREEDOM OF INFORMATION ACT (FOIA) REQUESTS			

- The Hospital Board of Trustees failed to respond to a written appeal as required; or
- The Hospital Board of Trustees issued a determination to a written appeal.

If a court determines that the Hospital required a fee that exceeds the amount permitted under its publicly available procedures and guidelines or Section 4 of the FOIA, the court shall reduce the fee to a permissible amount. Failure to comply with an order of the court may be punished as contempt of court.

If the requesting person prevails in court by receiving a reduction of 50% or more of the total fee, the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements. The award shall be assessed against the Hospital and not the FOIA Coordinator.

If the court determines that the Hospital has arbitrarily and capriciously violated the FOIA by charging an excessive fee, the court shall order the Hospital to pay a civil fine of \$500.00, which shall be deposited in the general fund of the state treasury. The court may also award, in addition to any actual or compensatory damages, punitive damages in the amount of \$500.00 to the person seeking the fee reduction. The fine and any damages shall not be assessed against an individual, but shall be assessed against the Hospital.

**SECTION 10: CONFLICT WITH PRIOR FOIA POLICIES AND PROCEDURES;
EFFECTIVE DATE**

To the extent that these Procedures and Guidelines conflict with previous FOIA policies promulgated by the Hospital Board of Trustees or the Hospital Administration these Procedures and Guidelines are controlling.

To the extent that any provision of these Procedures and Guidelines or any administrative rule promulgated by the FOIA Coordinator pertaining to the release of public records is found to be in conflict with any State statute, the applicable statute shall control. The FOIA Coordinator is authorized to adopt such administrative rules as he or she may deem necessary, to facilitate the legal review and processing of requests for public records made pursuant to Michigan's FOIA statute, provided that such modifications and rules are consistent with State law.

These FOIA Policies and Guidelines become effective January 1, 2017, unless they are part of the amendments to the FOIA that became effective July 1, 2015, and were adopted by the Hospital Board of Trustees.
